

All About Renting

Common questions concerning rental procedures:

Q: When should I make my reservation?

A: Early planning ensures product availability. We require a deposit to confirm a reservation. The deposit is your assurance that the items requested are available on the day you requested.

Q: What about changes to my order?

A: Additions to an order are welcome subject to availability up to 7 days prior to your event. If an order is cancelled at least 7 days prior to the scheduled date, the deposit for equipment other than tents will be refunded. If a tent is cancelled at any time, the entire 50% deposit will be forfeited.

Q: How and when do I pay?

A: Payment is due before the items are released to a customer. We accept Visa, MasterCard, Debit and Cash. NO personal cheques please.

Q: Is there a charge for delivery /pickup?

Delivery/pickup services are available for a fee based on location. Please call or email our office to arrange or delivery/pickup.

Q: Will my rental equipment be set up and taken down?

A: Only tents and dance floors will be set up and taken down.

Prices may increase according to the location of installation. Prices quoted here are based on grass, tailgate installation.

TENTS & CANOPIES

The differences between Frame Tents and Pole Tents

Frame Tents

Frame tents are able to be set up in almost any setting. MPR personnel construct the “framework” on the ground; we then lift the canopy over the framework and then lift the entire structure onto the legs. This provides you with an open span from one end of the tent to the other with no obstructions.

Pole Tents

These tents require flatter surfaces for installation but are stunning once erected. The canopy is laid out on the ground and stretched to square; the corner legs are installed and pulled tight; then the rest of the legs are installed; finally the centre poles are installed. The size of tent will determine how many centre poles are required.
